

CB-400

KEY FEATURES

Introducing our latest automated applicator technology: the CB-400, an intermittent motion applicator designed to efficiently apply the WaveGrip™ Cardboard Can Carrier at speeds of up to 400 cans per minute in 4, 6, and 8-pack formats. Its modular design minimizes the space requirement needed to operate, and the flexibility of the CB-400 ensures it scales as your business grows. The CB-400 can be adjusted to run multiple can heights of both 202/211 (standard can) and 202/204 (sleek can). CB-400 applicators come with 12 month limited warranty.

DIMENSIONS

Weight	3500 Lbs approximate/1587.5 kg
Frame size	84" L 60" W 88" H. +- 3 2133mm(L) x 1524mm(W) x 2235.2mm(H)
Conveyor Height	Models from 36" up to 50"
Magazine Capacity	Up to 1350 cards

CONTROL SYSTEM

Operator Interface	Touch Screen HMI/Push Button
--------------------	------------------------------

IN-FEED OPTION

Inline Dual Lane	2 can
------------------	-------

CARRIER OPTIONS

Standard/Sleek Can	4pk / 6pk / 8pk
Can sizes	12oz, 16oz, 200ml, 250ml, 310ml, 330ml, 355ml, 440ml, 473ml, 500ml

MACHINE CONSTRUCTION

Electrical	480v 3 phase, 40 amps
Air	92L/min @ 5.5 bar 3.25 cfm, 80 psi
PLC	Allen Bradley
Interlocks	Allen Bradley 44N-Z2NRS1C
Standards	CE, CUL, ASME

MACHINE LAYOUT

Output Format	4, 6, 8 (narrow side leading)
Fault Identification	Overhead Stack
Machine Access	Four 2 Swinging Doors

OPTIONAL ADD-ONS

Leg extensions
